F.L.A.W.L.E.S.S., Inc. (Future Leaders Amazed with Education and Spiritual Success) is designed to inspire at risk teens to have a voice and create a visionary change by realizing their full potential. F.L.A.W.L.E.S.S. incorporates a structure-based curriculum that promotes self-esteem, leadership skills, academic achievement, money management, community service, cultural awareness, and health awareness.

The C.H.A.R.M.S. (Changing History and Refining My Success) program is design to refine young ladies' perspectives on life.

The T.I.E.S. (Tailor-made Into Educated Scholars) program is design to teach young men strength and a determination to succeed. This in turn will provide them with the opportunity to develop emotionally, socially, and intellectually in order to take an active role in their success as they face challenges in the world.
